Other teams may apply for the wild card position which may be granted at the sole discretion of the AVSC Event Director.

If a team qualifies for the Australian Volleyball Schools Cup through more than one Schools Cup, the first one the team qualifies in will be the competition they participate in at AVSC.

Fixture

A tournament fixture will be posted on the Volleyball Victoria web site, in the week prior to the event (www.volleyballvictoria.org.au). An email will be sent to all nominated schools advising the fixture is online. The Tournament Director reserves the right to make changes to the fixture up to and including the day of competition.

Match times

Matches are to start at the scheduled time or 10 minutes after the preceding match, whichever is the later. If a team is five minutes late it will forfeit the first set. If it is another five minutes late it will forfeit the second set. If it is another five minutes late it will forfeit the third set.

As outlined in [Section 10 – Penalty Schedule](#) forfeiting teams will incur a forfeit penalty of \$100.00 per match forfeited.

In Honours competitions (Untimed matches), where a team is scheduled to play consecutive matches and the scheduled start time of the upcoming match is within 60 minutes of the conclusion of the previous match, the affected team may request that the upcoming match be delayed. The delayed match may commence up to 60 minutes after the conclusion of the previous match.

Match warm-ups

Teams will be allocated 10 minutes for warm up on the match court. This will always consist of FIVE MINUTES general warm up and FOUR MINUTES spiking together, and ONE MINUTE serving. Other spiking/serving combinations may be used with agreement of the coaches, but time may not be increased.

Protests will be resolved by the Referee Delegate. Resolution will be immediate, and the match will resume as directed by the Referee Delegate. The match will not be replayed. If a protest is upheld the match will resume immediately. If the protest is rejected the team will be sanctioned with a delay penalty and the game will resume immediately.

If a second protest occurs by the same team during the same game and it is dismissed, the coach will be sanctioned with a red card thus removing him/her from the bench for the rest of the current set. The match will resume immediately.

Rescheduled matches

The Tournament Director has the right to reschedule forfeited matches upon application from a team if the team can demonstrate they have been disadvantaged due to circumstances beyond their control. The rescheduled match shall not take place within two hours of another commitment of the opposing team (this concession does not apply to the forfeiting team).

12. PLAYING CONDITIONS

Rules of the game

Except where explicitly stated, or limited by the venue playing conditions, the [Rules of the Game of Volleyball \(FIVB\)](#) apply.

Match conditions

Honours competitions: For Round Matches International Scoring System with best of 5 sets. Sets 1-4 are played to 25 points and Set 5 is to 15. In all sets a lead of two points is required. First to reach 3 sets wins.

For Finals Matches where the participating teams could still finish in the top 4 placings for that division, best of 5 sets shall be used as per FIVB Scoring System.

Divisional competitions:

These matches have a fixed playing time of 60 minutes, in addition to the warmup as described above. The start and finish of a match will be signalled by an audible siren, or similar.

If the referee has whistled for service prior to the final siren, then that rally must be played, and shall count toward the scores. The referee alone shall determine whether the whistle preceded the siren.

Sets are played to 25 points. A team wins a set when they have a score of at least 25, with a lead of 2 points. Any number of sets may be completed within the specified playing time. The match is to continue even when a team is leading 2 sets to nil. A set that has not reached a normal conclusion when the final siren sounds, shall be counted as a completed set if the leading team has reached a score of at least 13 points, with a lead of at least 2 points.

The winner of a match shall be determined by the number of sets won. If teams are equal on sets, then the winner shall be determined by the total number of points won in all sets, completed or not. If the teams are still equal, then the result is a draw.

If the final siren goes off to signify the end of the match during a rally, the rally must be played out.

Timeouts are not permitted during the final 5 minutes of a match. A timeout which commences prior to the last five minutes shall be completed normally. It is the referee’s responsibility to check the running clock, before authorising a time out.

Substitutions are permitted during the final 5 minutes of a match, but teams delaying the substitution process during this time should expect the strict application of the rules in relation to time-delays.

For Finals matches where the participating teams could still finish in the top 4 placings for that division, best of 3 sets shall be used as per FVIB Scoring System.

The winning team of each match will be required to take the completed scoresheet to the Tournament Office after being checked off by the Hall Supervisor to ensure we have the correct details from the match.

All Honours and Divisional Placement Games

For all placement games, where teams are not in contention for a medal game, the above Divisional match fixed time of 60 minutes protocol will be used.

If another injury is to occur, the team can continue with five (5) players with a gap (loss of point at serving position) for the remainder of the match. - Total match points accrued
- Percentage of sets won
- Percentage of points won
- Head-to-head results between teams

Playing area

The playing area is limited by the nearest obstruction, or adjacent court boundary (court line).

If the ball leaves the vertical projection of the playing area, it will immediately become dead and called out by the match referee or second referee, as per the rules of the game. Any ball which is retrieved from outside the playing area is no longer in play or playable. Should any one of the referees, or lines people declare the ball out the rally will be immediately halted and awarded to the team not at fault. Note: This rule is introduced in the interest of player safety, as with such matters it is urged that all match officials halt the rally accordingly if there is any doubt.

13. GENERAL POLICIES

Technical Briefing

A Technical briefing will be provided via email at least one day prior to the event start date. All competing schools are required to view the Technical Briefing.

Venue Cleanliness

It is a venue requirement that consumption of food and drink (except for liquid in sealed sports drink bottles) is not permitted in the sports halls. Water must be contained in sealed sports drink bottles to limit the amount of water/liquid on the floor resulting from accidental spillage.

One of the responsibilities of every school is to ensure students do not consume food and drinks (except for liquid in sealed sports drink bottles) in the sports halls. It is also the responsibility of each school/team manager to be responsible for the school/team contribution to the overall cleanliness of the venue. The combined effort of all adults and students in maintaining clean playing halls and foyer is essential from a risk management perspective and a cost perspective.

Event officials have the authority to ask any person consuming food or drink (other than liquid in sealed sports drink bottles) to leave the sports hall. Event officials also have the authority to report the offending person to the School/Team Manager and to keep a record of offenders for further action if deemed necessary.

Adult Supervision

All schools nominated in the Volleyball Victoria Schools Cup must have an adult, approved by the School's main contact. They must be present at all times students are in attendance at the tournament. Teams may be withdrawn from the competition if this condition is not met. This policy must be strictly adhered to.

First Aid / Sports injury service supervision

A First Aid Practitioner will be present throughout the duration of the tournament.

An adult (teacher, manager, coach, and parent) must accompany all students requiring first aid.

The officers providing the first aid will require the accompanying adult to sign a document indicating they were present during the relevant treatment.

Ambulance Insurance

Schools are responsible for covering the cost of any ambulances required for their students. Schools should ensure that ambulance insurance is in place.

Alcohol/Drug consumption

Smoking, vaping, drinking alcohol and taking other social drugs are strictly forbidden during the whole of the tournament. Any breach of this rule will result in the player being ejected from the tournament, their school and parents being notified, as well as the player being returned home on the first available transport. Any additional expenses will be the responsibility of the parents of the offending person.

National Integrity Framework and Code of Conduct

During the Volleyball Victoria Schools Cup all players, event workforce, school staff, coaches & spectators are bound to comply with the policies set out under the [National Integrity Framework \(NIF\)](#).

These policies cover (but are not limited to):

VA Safeguarding Children and Young People Policy

VA Competition Manipulation and Sports Wagering Policy

Breaches of these policies are bound by the [VA Complaints, Disputes and Discipline Policy](#) process.

Stealing

All coaches, managers and individual team members must be aware of the ramifications of the theft and or malicious damage of tournament equipment, team equipment, and personal property at this event. Any incidents of the theft of balls, personal property and equipment will result in the expulsion of the player and/or team from the competition. Please be aware that police intervention will be sought.

Blood

In keeping with current sports practice, matches cannot proceed if there is a bleeding player, or blood on balls or equipment. Should bleeding occur event staff should be immediately notified, and the player will be removed from the game as per the rules concerning an injured player. The relevant player cannot take their place on the court until there is no more evidence of blood or bleeding. Matches will be halted until all blood has been removed from the court/playing equipment.

Player Conduct

As above all participants are bound by the National Integrity Framework including the VA Code of Conduct.

The current rules of the game provide for the match officials to contain incidents of unsportsmanlike behaviour before any penalties are given.

When conduct is significantly bad – a penalty is awarded in the form of a yellow card. Should a player, coach or team management incur two yellow cards during the event they will be immediately suspended for the subsequent match.

Suspension means the offending participant cannot be present in the playing hall or its viewing galleries/stands for the duration of the match.

Conduct in the venue

All patrons attending the venue are expected to respect the venue and any signage and rules that exist. Patrons who fail to respect these rules, or who litter may be subject to discipline within the general context of the event and may be liable to sanctions such as suspension for a match or a number of matches.

14. CEREMONIES

Rolling Medal Presentations will be scheduled at the end of play of each division. Schools must check with the tournament staff on the location and time of presentations. These will occur up to or more than 30 minutes after the final game of division.

Gold, Silver and Bronze Medals will be awarded to the top 3 teams that place in their respective finals matches. There will be a total of 14 medals (12 players and 2 coaches) allocated to the team. No extra medals will be prepared after the event.
